

Adhi College of Engineering & Technology
Sankarapuram, Kanchipuram – 631 605

**National Seminar on
RECENT TRENDS ON ANTENNAS FOR INDUSTRIAL, SCIENTIFIC AND
MEDICAL APPLICATIONS**

Organized by

Department of Electronics and Communication Engineering

28 December 2017

The chief guest **Dr.D.Sriramkumar** Professor/ECE, National Institute of Technology, Trichy presided over the function. **Dr.A.DEVARAJU** Principal/ACET was delivered the presidential address, **Dr.K.SAKTHISUDHAN**, HOD/ECE was delivered the welcome address presided over the function. Around 30 external students and 125 internal students and faculty members were participated in this function. The chief guest delivered the special address of effective learning and methodology for Antennas. A brief lecture on antennas in multi-field applications and types of antennas as well as antenna parameters . His presentation with the following topics (i) Antenna Arrays (ii) Nano and metamaterial antennas (iii) Drawbacks of existing antennas (iv) Optical antennas (v) Capsule Endoscope system (vi) Carbon Nanotubes

NATIONAL SEMINAR ON RECENT TRENDS ON ANTENNAS FOR INDUSTRIAL, SCIENTIFIC AND MEDICAL APPLICATIONS – Review Report

Afternoon session, the chief guest **Dr.K.ANNARAM** Professor & HOD /ECE, Jerusalem College of Engineering, Chennai, presided over the function. The chief guest delivered the special address of EMI/EMC for Antennas applications. In this session the various absorber materials used in low frequency as well as high frequency Electromagnetic compatibility measurements was explained. Also she gave a brief lecture on chamber validation requirements and Mil std 461E.

NATIONAL SEMINAR ON RECENT TRENDS ON ANTENNAS FOR INDUSTRIAL, SCIENTIFIC AND MEDICAL APPLICATIONS – Review Report

In the valedictory function, **Dr.K.ANNARAM Professor & HOD /ECE, Jerusalem College of Engineering, Chennai** distributes the certificates to the participants. The participants gave feedback from the conduct of the seminar. **Mr.Kangeyan** Assistant professor/ECE delivered the vote of thanking on this function.
