

BEQUEST OF THE BODY AND ORGANS

It was 13-08-2014; the whole world was celebrating the ‘Organ donation day’, the same was celebrated in Adhi College of Engineering on the same day.

The students were taken out and made to stand in a human chain, and they were crying out the importance of bequesting the body.

In the evening an awareness meeting was held in the premises. Mrs.Sujatha Maran, CEO, Adhi College of Engineering presided over the function and Dr. A. Devaraju, The Principal, insisted that after our death, the body either will be buried or burned into ashes, if our body is bequested for making researches, it will be much useful for the next generation, so he requested that bequesting the body is the great donation than any other thing and everyone who registered for this donation or going to register for, may feel proud for it.

Mr. Thirumurugan (YRC Cooridenator) organized the bequest of the body and organs from Walajabad bus stand

Human chain at Walajabad main road on 13 August 2014 to aware the importance of bequesting the body
