

Feedback process of the Institution

Feedback from stakeholder

The feedbacks from stakeholders were analyzed and the actions were preceded in accordance with that.

Feedback from parents

Parents were satisfied by the online classes' initiation. During the stakeholder meeting, Parents suggested the institution to reduce the regular class hours virtually also they requested to maintain the placement activity and its record of recruitment as like previous years.

Action Taken:

Institute has reduced the class hours up to 1.00 pm. We accepted the suggestions and trained the students virtually by conducting high number of mock interviews to meet out previous year placement record.

Feedback from Teachers

Teachers were satisfied on completion of syllabus and conducting internal examination even virtually. They suggested to the students and parents to be regular to the online class so that the students can meet the attendance percentage

Action Taken:

Online internal examination was made easy by using the Edmodo Software. We prepared our students effectively for University Exams through the online platform. Reduction of class hours highly helped the students to meet out the attendance percentage.

Feedback from students

Most of the students were satisfied with syllabus so they didn't expect any required change. They are also happy with the complete usage of Campus management system.

Action Taken:

All the e-learning sources (PPT's, PDF, Lesson plan, syllabus...etc..) were updated for the easy accessibility of the students.

Feedback from alumni's

Alumni's were happy with excellence of teaching learning activities and placement records. They also believed that the application of their learned knowledge through institution was really helpful to them. Alumni are suggested to introduce advanced industrial oriented courses.

Action Taken:

Based on the alumni's suggestion, the institution applied for the advanced industrial oriented course of Artificial Intelligence.
