

ACTIVITY REPORT

Title : Tribological Studies and Experimentation Using Pin on Disc Tribometer and Tribology in Engineering Materials & Applications

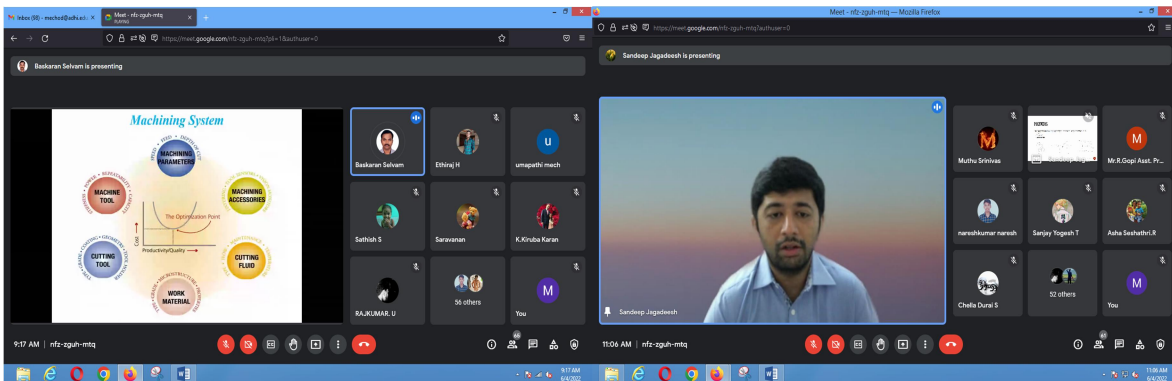

Date / Time : 03-06-2022 and 04-06-2022

Resource Person : Dr.S. BASKARAN , Dr. J. SANDEEP CEG, Anna University, Chennai.

Number of Participants : 129

Activity Coordinator : Mr. Gopi A.P/Mech

Department of Mechanical engineering conducted The Hands On Training On “Tribological Studies and Experimentation Using Pin on Disc Tribometer and Tribology in Engineering Materials & Applications” for all the students of Mechanical Department with the faculty coordinator MR.R. Gopi, AP/Mechanical. The Resource Persons Dr.S. BASKARAN, and Dr. J. SANDEEP shared their knowledge. The session ended with questionnaire and certificate distribution.

Session 1, Photos on Tribological Studies and Experimentation Using Pin on Disc Tribometer and Tribology in Engineering Materials & Applications By Dr. S. Baskar on 03.06.2022

Session 2, Photos on Tribological Studies and Experimentation Using Pin on Disc Tribometer and Tribology in Engineering Materials & Applications By Dr. S. Baskar on 04.06.2022
